

TRAINING COMPLETION

Date: December 3, 2010

Subject: RT-300FS (Prescribed Fire Workshop) Completion Memo

To: Local / Agency Training Representatives

Per the Region One Director of Fire, Aviation & Air letter dated April 1, 2009, the Northern Region Forest and Grassland Fire Management Officers have the discretion to determine content and format of the Burn Boss Refresher to meet the requirements of the Prescribed Fire Workshop (RT-300FS) that is required every other year to maintain currency for RXB1 and RXB2.

By attending the Region One Fall FMO meeting on October 26-28, 2010, the following individuals have completed a discussion on the findings of the AAR of the Davis 5 Prescribed Fire Escaped Fire Review with the Burn Boss and Brad McBratney, HNF and LCF FMO. In addition, previewed Canadian presentations by the British Columbia FBAN Dana Hicks and researchers Tim Wallace, Matt Jolly and Russell Parsons concerning the Mountain Bark Beetle mortality in LP and how it influences fire behavior.

Topics covered included, but not limited to:

- Prescribed fire issues and problems related to the escaped prescribed fires.
- Successes in prescribed fire on the Forest
- Tools and methods to use regarding prescribed fire planning and implementation
- Requirements of smoke management
- Issues at the regional and national scale that pertain to prescribed fire.

Idaho Panhandle NFs

Mark Grant
Bud McConnaughey
John Pollard

This meeting meets the requirements of RT-300FS (Prescribed Fire Workshop) for the purpose of maintaining qualifications mandated by agency regulations.

Credit for this workshop has been awarded in IQCS (RT300F #165).
